Sprint

It's all on the Now Network.™

This Features Guide has everything you need to get the most from your new Sprint device. Just go directly to any feature that interests you, or flip through this booklet for a quick overview. You'll see how easy it is to browse the Web or send email and text messages. You can also download your favorite music, watch movies or Sprint TV, get turn-by-turn driving directions, choose ringers, screensavers, and much more. So jump right in. Because there's less waiting, and more doing, on the Now Network.™

For more detailed instructions on your Sprint device or any of the Sprint services, refer to your User Guide or visit sprint.com.

The services described in this guide may require a subscription to a service plan and/or may incur additional charges. Not all services will work on all devices. Services available where coverage exists.

Important Privacy Message. Sprint's policies often do not apply to third-party applications. Third-party applications may access your personal information or require Sprint to disclose your customer information to the third-party application provider. To find out how a third-party application will collect, access, use, or disclose your personal information, check the application provider's policies, which can usually be found on their website. If you aren't comfortable with the third-party application's policies, don't use the application.

GPS Navigation

All the right turns. And left ones.

Sprint Navigation lets you see turn-by-turn route directions to a known address, or helps you find nearby restaurants, stores, banks, or gas stations.
